Mathematics Mixed-Age Planning: Years 1 and 2

Year 1/2 yearly overview

Note: Shaded colours refer to the strand colours used in the textbooks.

Year 1	Year 2	Number of lessons
Autumn term		59
Unit 1: Numbers to 10 <ul style="list-style-type: none">identify and represent numbers using concrete objects and pictorial representations including the number line, and use the language of equal to, more than, less than (fewer), most, leastcount to and across 100, forwards and backwards, beginning with 0 or 1, or from any given numbercount, read and write numbers to 100 in numerals; count in multiples of twos, fives and tensread and write numbers from 1 to 20 in numerals and wordsgiven a number, identify one more and one less	Unit 1: Numbers to 100 <ul style="list-style-type: none">identify, represent and estimate numbers using different representations, including the number linecount, read and write numbers to 100 in numerals; count in multiples of twos, fives and tens (Year 1 revision)count in steps of 2, 3, and 5 from 0, and in tens from any number, forwards and backwardsrecognise the place value of each digit in a two-digit number (tens, ones)compare and order numbers from 0 up to 100; use <, > and = signs	13

Croscombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Unit 2: Part-whole within 10 <ul style="list-style-type: none">represent and use number bonds and related subtraction facts within 20read, write and interpret mathematical statements involving addition (+), subtraction (−) and equals (=) signs	Unit 2: Addition and subtraction (1) <ul style="list-style-type: none">recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100recognise the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problemsshow that addition of two numbers can be done in any order (commutative) and subtraction of one number from another cannotadd and subtract numbers using concrete objects, pictorial representations and mentally, including a two-digit number and onescount in steps of 2, 3, and 5 from 0, and in tens from any number, forwards and backwardssolve problems with addition and subtraction using concrete objects and pictorial representations, including those involving numbers, quantities and measures	13
Unit 3: Addition and subtraction within 10 (1) <ul style="list-style-type: none">read, write and interpret mathematical statements involving addition (+), subtraction (−) and equals (=) signsrepresent and use number bonds and related subtraction facts within 20solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and solve missing number problems such as $7 = ? - 9$		

Crocombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Unit 4: Addition and subtraction within 10 (2) <ul style="list-style-type: none">• read, write and interpret mathematical statements involving addition (+), subtraction (−) and equals (=) signs• represent and use number bonds and related subtraction facts within 20• solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$• add and subtract one-digit and two-digit numbers to 20, including zero	Unit 3: Addition and subtraction (2) <ul style="list-style-type: none">• add and subtract numbers using concrete objects, pictorial representations and mentally, including two two-digit numbers• solve problems with addition and subtraction, applying increasing knowledge of mental and written methods• solve problems with addition and subtraction using concrete objects and pictorial representations, including those involving numbers, quantities and measures	13
Unit 6: Numbers to 20 <ul style="list-style-type: none">• identify and represent numbers using concrete objects and pictorial representations, including the number line, and use the language of equal to, more than, less than (fewer), most, least• count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given number• recognise the place value of each digit in a two-digit number (tens, ones) (Year 2)• compare and order numbers from 0 up to 100; use <, > and = signs (Year 2)	Unit 4: Money <ul style="list-style-type: none">• recognise and use symbols for pounds (£) and pence (p); combine amounts to make a particular value• recognise and know the value of different denominations of coins and notes (Year 1)• find different combinations of coins that equal the same amounts of money• solve simple problems in a practical context involving addition and subtraction of money of the same unit, including giving change	10

Crocombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Unit 7: Addition within 20 <ul style="list-style-type: none">• add and subtract one-digit and two-digit numbers to 20, including zero• represent and use number bonds and related subtraction facts within 20• solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems	Unit 5: Multiplication and division (1) <ul style="list-style-type: none">• solve one-step problems involving multiplication and division, by using concrete objects, pictorial representations and arrays, with the support of the teacher (Year 1)• calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (\times), division (\div) and equals (=) signs• solve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in context• recall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numbers	10

Croscombe and Stoke St Michael Primary Schools Federation
Mathematics Mixed-Age Planning: Years 1 and 2

Spring term		52
Unit 5: 2D and 3D shapes <ul style="list-style-type: none">recognise and name common 2D and 3D shapes, including 2D shapes [for example, rectangles (including squares), circles and triangles]; 3D shapes [for example, cuboids (including cubes), pyramids and spheres]	Unit 7: Statistics <ul style="list-style-type: none">interpret and construct simple pictograms, tally charts, block diagrams and simple tablesask and answer simple questions by counting the number of objects in each category and sorting the categories by quantityask and answer questions about totalling and comparing categorical data	8
Unit 8: Subtraction within 20 <ul style="list-style-type: none">add and subtract one-digit and two-digit numbers to 20, including zerorepresent and use number bonds and related subtraction facts within 20solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems	Unit 6: Multiplication and division (2) <ul style="list-style-type: none">calculate mathematical statements for multiplication and division within the multiplication tables and write them using the multiplication (\times), division (\div) and equals (=) signsrecall and use multiplication and division facts for the 2, 5 and 10 multiplication tables, including recognising odd and even numberssolve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in context.	10

Crocombe and Stoke St Michael Primary Schools Federation
Mathematics Mixed-Age Planning: Years 1 and 2

Unit 9: Numbers to 50 <ul style="list-style-type: none">count to and across 100, forwards and backwards, beginning with 0 or 1, or from any given numberidentify and represent numbers using objects and pictorial representations including the number line, and use the language of equal to, more than, less than (fewer), most, leastrecognise the place value of each digit in a two-digit number (tens, ones) (Year 2)given a number, identify one more and one lesscompare and order numbers from 0 up to 100; use <, > and = signs (Year 2)count, read and write numbers to 100 in numerals; count in multiples of twos, fives and tenssolve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$	Unit 10: Fractions <ul style="list-style-type: none">recognise, find and name a half as one of two equal parts of an object, shape or quantity (Year 1)recognise, find, name and write fractions $\frac{1}{3}$, $\frac{1}{4}$, $\frac{2}{4}$ and $\frac{3}{4}$ of a length, shape, set of objects or quantitywrite simple fractions, for example $\frac{1}{2}$ of $6 = 3$, and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$non-statutory guidelines: pupils should count in fractions up to 10, starting from any number	15

Crocombe and Stoke St Michael Primary Schools Federation
Mathematics Mixed-Age Planning: Years 1 and 2

Unit 10: Introducing length and height <ul style="list-style-type: none">compare, describe and solve practical problems for lengths and heights [for example, long/short, longer/shorter, tall/short, double/half]measure and begin to record lengths and heightssolve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$	Unit 8: Length and height <ul style="list-style-type: none">compare and order lengths, mass, volume/capacity and record the results using $>$, $<$ and $=$choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass (kg/g); temperature ($^{\circ}\text{C}$); capacity (litres/ml) to the nearest appropriate unit, using rulers, scales, thermometers and measuring vesselssolve problems with addition and subtraction, using concrete objects and pictorial representations, including those involving numbers, quantities and measures	6
Unit 11: Introducing weight and volume <ul style="list-style-type: none">compare, describe and solve practical problems for lengths and heights [for example, long/short, longer/shorter, tall/short, double/half]solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$measure and begin to record mass/weightmeasure and begin to record capacity and volume	Unit 9: Properties of shape <ul style="list-style-type: none">compare and sort common 2D and 3D shapes and everyday objectsidentify and describe the properties of 2D shapes, including the number of sides and line symmetry in a vertical lineorder and arrange combinations of mathematical objects in patterns and sequencesidentify and describe the properties of 3D shapes, including the number of edges, vertices and faces	13

Crocombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Summer term		
Unit 12: Multiplication <ul style="list-style-type: none">count, read and write numbers to 100 in numerals; count in multiples of twos, fives and tenssolve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays, with the support of the teachernon-statutory guidance: pupils use the language of position, direction and motion, including left and right, top, middle and bottom, on top of, in front of, above, between, around, near, close and far, up and down, forwards and backwards, inside and outside	Unit 12: Problem solving and efficient methods <ul style="list-style-type: none">use place value and number facts to solve problemssolve problems with addition and subtraction, using concrete objects and pictorial representations, including those involving numbers, quantities and measuresrecognise and use the inverse relationship between addition and subtraction and use this to check calculations and solve missing number problemssolve problems involving multiplication and division, using materials, arrays, repeated addition, mental methods, and multiplication and division facts, including problems in contextshow that multiplication of two numbers can be done in any order (commutative) and division of one number by another cannot	13
Unit 13: Division <ul style="list-style-type: none">solve one-step problems involving multiplication and division, by calculating the answer using concrete objects, pictorial representations and arrays with the support of the teacher.		

Crocombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Unit 14: Halves and quarters <ul style="list-style-type: none">recognise, find and name a half as one of two equal parts of an object, shape or quantityrecognise, find and name a quarter as one of four equal parts of an object, shape or quantity.	Unit 14: Weight, volume and temperature <ul style="list-style-type: none">compare and order lengths, mass, volume/capacity and record the results using $>$, $<$ and $=$choose and use appropriate standard units to estimate and measure length/height in any direction (m/cm); mass (kg/g); temperature ($^{\circ}\text{C}$); capacity (litres/ml) to the nearest appropriate unit, using rulers, scales, thermometers and measuring vessels	15
Unit 16: Numbers to 50 <ul style="list-style-type: none">count, read and write numbers to 100 in numerals; count in multiples of twos, fives and tensidentify and represent numbers using objects and pictorial representations including the number line, and use the language of equal to, more than, less than (fewer), most, leastcount to and across 100, forwards and backwards, beginning with 0 or 1, or from any given numbergiven a number, identify one more and one lessrecognise the place value of each digit in a two-digit number (tens, ones) (Year 2) represent and use number bonds and related subtraction facts within 20 recall and use addition and subtraction facts to 20 fluently, and derive and use related facts up to 100 (Year 2)		

Crocombe and Stoke St Michael Primary Schools Federation

Mathematics Mixed-Age Planning: Years 1 and 2

Unit 15: Position and direction <ul style="list-style-type: none">describe position, direction and movement, including whole, half, quarter and three-quarter turnsnon-statutory guidance: pupils use the language of position, direction and motion, including left and right, top, middle and bottom, on top of, in front of, above, between, around, near, close and far, up and down, forwards and backwards, inside and outside	Unit 11: Position and direction <ul style="list-style-type: none">use mathematical vocabulary to describe position, direction and movement, including movement in a straight line and distinguishing between rotation as a turn and in terms of right angles for quarter, half and three-quarter turns (clockwise and anti-clockwise)order and arrange combinations of mathematical objects in patterns and sequences	
		5
Unit 17: Time <ul style="list-style-type: none">sequence events in chronological order using language [for example, before and after, next, first, today, yesterday, tomorrow, morning, afternoon and evening]recognise and use language relating to dates, including days of the week, weeks, months and yearstell the time to the hour and half past the hour and draw the hands on a clock face to show these timesmeasure and begin to record time (hours, minutes, seconds)compare, describe and solve practical problems for time [for example, quicker, slower, earlier, later]solve one-step problems that involve addition and subtraction, using concrete objects and pictorial representations, and missing number problems such as $7 = ? - 9$	Unit 13: Time <ul style="list-style-type: none">compare and sequence intervals of timetell the time to the hour and half past the hour and draw the hands on a clock face to show these times. (Year 1)tell and write the time to five minutes, including quarter past/to the hour and draw the hands on a clock face to show these timesknow the number of minutes in an hour and the number of hours in a day	

Croscombe and Stoke St Michael Primary Schools Federation
Mathematics Mixed-Age Planning: Years 1 and 2

		11
Unit 18: Money <ul style="list-style-type: none">• recognise and know the value of different denominations of coins and notes• count, read and write numbers to 100 in numerals; count in multiples of twos, fives and tens
